

# We Never Go Home

Daily's Caribbean Groove was created exclusively for on-premise accounts, and is not available to consumers for use at home. That makes it your secret weapon in superior quality cocktails. Our delicious premium quality products are made with fresh purees and juices to bring true fruit flavor to great drinks, with or without alcohol. We also offer aggressive pricing (and very groovy profits!), a national service program, and a variety of equipment programs, and customized marketing support. We're confident that there's a great spot for us at your bar.

# Our Quality Will Help Reinforce Yours

Our Caribbean Groove line was developed with higher concentration levels and juice content for on premise equipment and to be the highest quality best tasting shelf stable alternative to inconvenient frozen mixes.

## EQUIPMENT PLACEMENT PROGRAM

- Vitamix, Crathco-Grindmaster, & Hamilton Beach
- Including national service program with Icee Service
- Reduced labor & pour cost
